

TRAINING...IT'S THE WAY TO MOVE FORWARD!

FEATURED PROGRAM: **ADVANCED COMPOSITES**

Advanced Composites,

a leader in automotive polyolefin compounding technology, with corporate offices in Sidney, OH, decided to invest in their

Advanced Composites leaders in training.

employees. Through Edison State's Workforce Development programs, leadership training was provided to front-line supervisors, team leaders and management. During December, 80 leaders completed online DiSC profiles and four-hour follow-up sessions. Of those 80 leaders, 32 continued leadership training in supervision at a later session, with the remaining leaders completing sessions in January. The Advanced Composites facility in Tennessee will be participating in the same leadership training beginning in mid January, as the company plans to continue this training throughout 2019.

WHAT WE'RE UP TO—DECEMBER 2018 COMPANIES TRAINED

Osgood State Bank—Chartered more than 100 years ago with branches in Chickasaw, Fort Loramie, Indian Lake, and Osgood. Supervisor Training, 15 employees.
