Emergency Procedures

Fire

Upon the College's notification that a fire has been discovered in the building, the fire alarm bells will sound. The fire alarm produces a continuous ringing bell sound and flashing for hearing impaired. If you hear it, exit the building according to the instructions posed in your area. After exiting the building move to a grassy area at least 100 feet from the building out of the way of emergency vehicles. Stay out of the building until the all-clear signal is given by the crisis management team. The faculty and staff will help handicapped people exit the building. As soon as the alarm is sounded, the elevator in the West Hall will move to the first floor and remain there. There is an Evac chair in Room 239 (the copy room) that should be used to evacuate anyone who cannot walk down the stairs.

Tornado

The tornado warning alarm is characterized by a high-pitched, interrupted wailing sound similar to that of a siren. When this alarm sounds, go immediately to the nearest shelter area according to the directions posted in your area or listed in the Emergency Procedures Manual. Stay away from all external and internal windows. If you do not know where to go, go to a restroom on the first floor.

Additional information about emergency procedures and policies may be found in the emergency procedures manual.

Academics

Academic Calendar

The complete academic calendar for the current year is published in the front of the Academic Catalog. A version of the calendar is on Edison's website. Edison offers a variety of options for students to schedule their classes according to their needs. We have 16-week semester classes, 8-week semester classes and 4-week semester classes.

Felons - Admission and Readmissions Policy

Edison Community College, in order to provide a safe, orderly, and effective learning environment, may deny admission to an applicant based on prior criminal convictions where such admission would involve an unreasonable risk of property, or would pose a risk to the safety or welfare of specific individuals or the public. Accordingly, campus review procedures generally include procuring appropriate information related to previous criminal and incarceration records and obtaining recommendations from corrections' officials and, at times, current employment or educational supervisors. The following procedures will be followed in the case of any admitted or identified felon requesting admission to Edison Community College:

Procedure

Applicants who are identified as felons will need to complete the following steps so that a finding or denial of admission to Edison Community College can be determined:

1. Complete an application for admission, pay the College's application fee, and provide required academic information (high school and/or college transcripts, GED test scores, etc).
 - a. If requested, complete the Supplemental Application for the Admission or Enrollment of Identified Felons (available from the Registrar in room 160) and submit the following information:
 1. Official Criminal Record: Documentation of dates, locations, and nature of criminal offense(s). This information is available through law enforcement agencies.
 2. A current letter of recommendation from a law enforcement official, such as an assigned parole officer, probation officer, or a licensed mental health professional.
 3. A personal statement from the applicant, indicating career and educational plans, employment status, and why the application should be approved.
 - b. Upon receipt of the completed Supplemental Application, the following action will be taken:
 1. The Registrar will conduct a preliminary review of the Supplemental Application. The Registrar may interview the applicant to clarify issues and gather additional information if the Registrar finds it necessary to do so. The Registrar may contact the appropriate field parole or probation officer to obtain verification of the information submitted by the applicant.

2. The Registrar will convene a meeting of the Behavioral Intervention Team (BIT) to review relevant information concerning the applicant.

- If the BIT finds that no unreasonable risk exists, the applicant will be notified by the Registrar that he or she has been accepted for admission to Edison Community College. The BIT reserves the right to place conditions and limits on the enrollment of the applicant, including but not limited to time, place, and delivery method of instruction, and total number of hours to be pursued per semester. The BIT also reserves the right to notify faculty, staff or administration on a need-to-know basis, of the applicant's name, criminal and rehabilitative history.
- If the BIT determines that the applicant's admission would involve an unreasonable risk to property or the safety and welfare of specific individuals or the general public, the applicant will be informed that his or her admission has been denied. At the applicant's written request, a written statement or reasons for denial will be provided within thirty days of receipt of the request.
- The decision of the BIT is final and is not subject to appeal or further review.

Felons – Currently Enrolled Students

All students are responsible for informing the college of any felony convictions at the time of conviction. Failure to do so constitutes a violation of the Student Code of Conduct. Contact the Registrar in room 160 for more information and to report a felony conviction that takes place while you are a student at Edison Community College.

Academic Standing

GPA (grade point average) is determined at the end of each semester a student receives an electronic grade report which includes grades, earned hours, quality hours, quality points, and grade point average. This information is presented for both the completed semester and the student's cumulative program at Edison. To determine your GPA: Multiply the grade value of each course by the number of quality hours for each course to determine the quality points. Example:

Sample Grade Report

Course	Grade	Hours	Earned Quality Grade			Quality
			Hours	Value	Points	
SOC 121S A	3	3x	4.0	=	12.00	
PSY 121S B	3	3x	3.0	=	9.00	
Totals		6			21.00	

Add the quality hours and quality points. Divide the total quality points by the total quality hours to determine your GPA for the semester. Ex: 21 divided by 6 = 3.5. To calculate your cumulative GPA (all semesters); add your total quality hours and total quality points for all semesters.

Divide the total quality points by the total quality hours to determine the GPA for all of your course work at Edison.

Academic Probation and Suspension

If your cumulative grade point average falls below the following minimum grade point averages, you will be placed on academic probation. Students placed on probation are required to meet with a Student Success Advisor prior to registration and participate in the Student Success Program. The advisor will determine an appropriate course load and may restrict the number of credit hours attempted and will develop a student success plan.

Total Credit Hours Attempted*	Minimum Cumulative GPA
12 - 15 semester hours	1.7
15.01 - 30 semester hours	1.8
30.01 - 40 semester hours	1.9
40.01 or more semester hours	2.0

***Attempted hours do not include non-credit or non-graded courses.**

A full-time student will continue on probation the following semester even though the cumulative GPA is below the minimum state in the probation policy. However, the student must achieve at least a 2.0 GPA for each semester while on probation. "Academic Probation" will appear on the student's transcript for each term of probation status.

A part-time student whose cumulative GPA is below the minimum stated in the probation policy will continue on probation. However, the student must achieve at least a 2.0 GPA during the Revised June 2007 15 semester(s) in which the next 12 credit hours are attempted*. "Academic Probation" will appear on the student's transcript for each term of probation status.

A special review of probationary status will be completed in the semester the student intends to graduate if 12 credit hours have not been completed since the last review.

A full-time student achieving less than a 2.0 GPA for the next semester following placement on probation and whose cumulative GPA is below the minimum stated in the probation policy will be suspended from the college.

A part-time student on probation achieving less than a 2.0 GPA over the semesters in which the next twelve (12) credit hours are attempted following placement on probation will be suspended from the college.

A full-time transfer student admitted on probation who achieves less than a 2.0 GPA in his/her first semester (first twelve (12) credit hours for part-time transfer students) will be suspended from the college.

"Academic Suspension" will appear on the student's transcript of any student suspended.

Readmission

Any student suspended for academic reasons for the first time qualifies for readmission on Conditional Status by remaining out of the college for at least one full semester (summer term excluded.). He/she may also petition the Admission and Scholarship Committee for immediate readmission on Conditional Status. Petitions will be decided on an individual basis.

Conditional Status requires participation in the Student Success Program during the readmitting semester. Any student on Conditional Status may register during a regular semester for not more than seven (7) credit hours of course work nor for more than four (4) credit hours of course work in an eight week session; unless special permission is obtained from the Admission and Scholarship Committee.

Students readmitted after a first suspension, either by committee or by remaining out the required semester, will be suspended a second time if they do not fulfill the requirements of the Student Success Program *and* do not achieve a minimum 2.0 GPA for the readmitting semester.

After a second suspension, the student will be eligible to apply for readmission to the college on Conditional Status only after remaining out of the college for at least one full semester. No immediate readmission will be considered except in extraordinary circumstances. Students readmitted after a second suspension must participate in the Student Success Program and an appropriate academic course load will be determined by the Student Success Adviser. Students readmitted after a second suspension will be suspended a third time if they do not fulfill the requirements of the Student Success Program and do not achieve a minimum of 2.0 GPA for the readmitting semester.

Students suspended for the third time will be required to remain out of the college for one full year. Applications for readmission following a third suspension shall be processed by the Admission and Scholarship Committee on an individual basis.

Dean's List

A student must complete 12 credit hours with a minimum grade point average of 3.5 to be eligible for the Dean's List. A student carrying fewer than 12 credit hours will be eligible for the Dean's list for the first time at the end of the semester in which 12 credit hours are earned if the cumulative GPA is 3.5 or higher.

Credit for Prior Learning

Edison may award credit for college-level learning gained outside of college through a variety of methods which consider the knowledge adults acquire as they live, work and learn. These methods include:

- Credit by Examination
- Portfolio Evaluation
- Military service training recommended by the American Council on Education (ACE)
- Business or Government training recommended by ACE

To receive credit, a person's knowledge must be documented or verified through one of the above ways as being college level and appropriate for the degree program. A maximum of 30 semester hours may be earned. To learn more about the available options, please see your academic advisor or the Edison webpage.

Academic Advising

Students are encouraged to meet with an academic advisor prior to registration each semester. Advisors are available to assist students in long-term and short-term planning for their academic programs.

You should meet with your faculty advisor each semester to:

- Confirm that you are pursuing the right academic major to set you on your career path.
- Identify the courses you will need to accomplish your academic goals.
- Review your student educational plan, tailored to your lifestyle and work schedule.
- Learn about opportunities for internships and other experience.

To schedule an appointment with your faculty advisor, contact the Project Specialist of the Academic Division.

New Students should meet with an advisor in the Advising Resource Center (ARC). ARC advisors are faculty members who meet with current students who do not have an assigned faculty advisor, or who have a general question regarding registration, scheduling, completing their degree requirements, and more.

Students who have not officially declared a major will meet with advisors in the Advising Resource Center until a major is officially declared. They are available by appointment in Student Affairs, Room 160 or at the Darke County Campus. To schedule an appointment with an ARC advisor, call 937-778-7850. In Greenville, call 548-5546.

Course Syllabi

Standard course syllabi for all classes may be obtained online by looking at the course description in the academic catalog by [clicking here](#). Specific course syllabi will be distributed in class. Syllabi for online courses are posted on the Blackboard site for those sections.

Change of Address

Students can provide their change of address by logging onto WebAdvisor at www.edisonohio.edu.

Procedures for Accepting Academic Work from Non-Regionally Accredited Institutions

The acceptance of work from a non-regionally accredited institution will apply only to applied degree programs (which include the AAB, AAS, and ATS degrees). Student petitions for review of this course work will be on an individual basis, allowing for consideration of each student's knowledge base, recent use of course knowledge in the work place, and supporting course work from educational experiences. All course work that is presented by Edison students for review will be evaluated in the following way:

1. Transcripts are received in Enrollment Services by an institution that is not regionally accredited. A letter is sent to the student confirming receipt of the document. Procedures for accepting academic credit from non-regionally accredited institutions are also included in the letter.
2. For the course work to be evaluated, the student should compile documentation that demonstrates that the learning outcomes for that particular course be met. This documentation should include:
 - a. Name and contact information for the student
 - b. Edison Syllabus
 - c. Transfer course syllabus, catalog course description
 - d. Name, author and publisher of any texts used
 - e. Copies of coursework for the course, including papers, project, tests, and study guides that demonstrate the academic rigor and depth of the course.
3. The student should submit this documentation, in one packet, to the college Registrar.
4. The registrar will distribute the packet to the Dean of the department for review. The Dean may contact the student for additional documentation if necessary.
5. After consultation with the faculty members in the department, the Dean will have the final decision concerning transferability of credit.

6. The final evaluation will be completed, signed, and forwarded to the Registration and Records. A copy of the completed evaluation will be sent to the student.

Transferring Credit to Edison

When a student is admitted to Edison, transfer students must request official transcripts from all previous institutions be sent directly to the Registrar's Office. Upon receipt of these official transcripts, they will be evaluated and credit will be granted for acceptable work completed at other approved colleges and universities.

To recognize courses appropriately and provide equity in the treatment of incoming transfer students and students native to the receiving institution, transfer credit will be accepted for all successfully completed college-level courses completed in and after fall 2005 from Ohio state-assisted institutions of higher education. Students who successfully completed A.A. or A.S. degrees prior to fall 2005 with a 2.0 or better overall grade point average would also receive credit for all college-level course they have passed.

Pass/fail courses, credit by examination courses, experiential learning courses, and other nontraditional credit courses that meet these conditions will also be accepted and posted to the student record.

Students who disagree with a credit transfer decision should first contact their assigned advisor.

If there is still a dispute, final decisions will be determined by the department dean.

Transferring Credit to Other Colleges

Information about other colleges and universities, as well as copies of transfer agreements with two-year and four-year colleges is located in Student Affairs and online. These agreements are filed by college and major and list the Edison courses recommended for transfer. The official Transfer Module can be found in the Academic Catalog. Additional information about transferring may also be found on the Ohio Department of Higher Education website at <https://www.ohiohighered.org/>. Students are also encouraged to use U-Select at www.transfer.org. For additional information about transferring, please see your assigned academic advisor.

Transcripts

Students may obtain copies of their official Edison transcripts online at <http://GetMyTranscript.com> or in person from the Student Affairs Office and at the Darke County office. All requests must be in writing and include the student's signature. A processing time of 7 business days may be required. Transcripts will not be provided if there is a balance on a student's account.

Attendance

Students are expected to attend all class and laboratory sessions, including examinations. Individual instructors have both the responsibility and the prerogative for managing student attendance. Students may consult the syllabus for the attendance policy in effect for each class. If students must be absent, it is their responsibility to contact their instructor and ask if missed assignments can be completed. Excessive absences and work not completed may affect students' final grades and financial aid.

Dropping a Class, Withdrawing from College

In order to drop or withdraw from a class, a withdrawal form must be completed, signed by the student and submitted to Student Affairs or the Darke County Campus for processing. Withdrawals may also be completed using WebAdvisor.

Failure to withdraw formally can result in a failing grade for the course and financial obligations if classes are not officially dropped during the refund period. Pertinent withdrawal and refund dates may be found at the Cashier's Office, on our website by choosing the specific year's academic calendar under the Calendar tab, and also in the catalog under "It's Academic: Everything You Need to Know."

- If you drop a class during the refund period the cost of the class will be removed from your student account and any payments adjusted accordingly.
- Dropping a class after the refund period has ended does not release you from your financial obligation.
- Non-attendance of class or notification to instructor or department does not constitute official withdrawal. You must complete and sign a withdrawal form.

No-Show Policy

Instructors are required to report students who have failed to attend their class within the first two weeks of the course. Students identified by the instructor as a no-show will be de-registered from the class with no tuition liability and the student notified of the removal via Edison email. Appropriate changes will be made to their registration records, billing accounts, and financial aid (if applicable). Federal financial aid will be denied for no-show students until attendance is proven. Federal financial aid students will be notified via Edison email of the steps to take for reinstatement of federal aid.

General College Policies

Core Values

The academic core values are a set of principles which guide Edison in creating its educational programs and environment. The following is a list of values that Edison incorporates into its educational experiences and environment:

Communication

Communication, a skill basic to all college students, involves listening, speaking, and writing for the purpose of understanding and of being understood. A lifetime process, communication also involves the ability to use appropriate and reasonable language and dialects, acknowledging that audiences are diverse.

Ethics

The ethics core value is defined in terms of decision making. A distinction is made between "good" or "bad." Ethics either exist or do not exist. They are decisions and behaviors that are based on values. Thus, the faculty will endeavor to present material across the curriculum in a manner that will cause students to consider the decision-making process in terms of ethics.

Critical Thinking

Critical thinking is the ability to think with dimension. Thinking becomes the ability to apply internalized standards of thought; clarity, relevance, analysis, organization, recognition, evaluation, accuracy, depth, and breadth. Critical thinking requires detachment, the ability to examine critically one's own ideas and thoughts as well as examining the ideas and thoughts of others.

Possessing the fundamentals of critical thinking enables an individual to reason across a variety of disciplines and domains and to critique one's own thinking from many perspectives. The development and use of critical thinking is a lifelong activity which enables us to continually improve our thought and consequent products of our thought in our lives and society.

Human Diversity

Diversity describes the coexistence of many cultures in society. By making the broadest range of human differences acceptable to the largest number of people, multiculturalism, as a function of cultural diversity, seeks to overcome racism, sexism, and other forms of discrimination.

Inquiry/Respect for Learning

Inquiry is the information gathering process through which the learner formulates essential questions, locates appropriate resources, and evaluates the applicability of the data for a particular situation. Students at Edison will learn how to apply these learning processes in each field of study.

Interpersonal Skills/Teamwork

Interpersonal skills promote personal effectiveness when interacting with others, whether the interaction is one-on-one, in a small group, in an organization, or with an audience. To be skilled interpersonally, a person must first assess any situation to determine the expectations of others involved, and then adapt to those expectations.

Students can expect to be introduced to all values and have them reinforced in the classroom and in all learning experiences at the college.

Diversity Statement

Edison serves a diverse community. As such, diversity is an integral and important part of the campus climate and includes male and female students of various ages, religions, learning styles, sexual orientations, ethnicities and cultures. Edison strives to create an environment in which all people are valued and supported; differences are understood and respected; and students are prepared for collaboration in a global community. Edison does not discriminate against students on the basis of race, color, creed, religion, age, sex, marital status, sexual orientation, veteran status, national origin, ancestry, citizenship, or disability.

Children on Campus

Students are advised against bringing children to class or leaving children unattended on campus.

The college assumes no responsibility for the supervision of unattended children. Childcare facilities are available on campus for children between the ages of 3 through 5 years of age (See "Child Development Center").

Computer Usage Policy

Edison makes available computing, communication, and information system resources to its students at its discretion and for the sole purpose of furthering the stated mission of the college – "Edison provides learning opportunities that enable and empower citizens, commerce, and communities in Darke, Miami, and Shelby counties." Use of these resources for other purposes is not authorized under the Information System Policy.

In order to protect your rights as a computer user at Edison, the following guidelines shall be followed by all students:

Social Media Policy

Thousands of current and future students, faculty, staff, alumni, and donors are utilizing mediums such as Facebook, Twitter, LinkedIn, YouTube, and many others to stay connected. Edison believes that having a presence in these areas will allow the College to broadcast information and interact with the public. In order to operate within these mediums effectively, Edison has developed a social media policy to ensure that any and all interactions on behalf of Edison represent the College's best interests.

These guidelines are broad in nature to accommodate any differences in online venues while maintaining a universal code of conduct; the policy will be adjusted as necessary according to the situation and/or modality.

The Edison State Community College Social Media Policy only applies to social media accounts created to represent ECC groups, departments, programs, entities, etc. and does not apply to private individual accounts.

Because the technology that drives Web communication changes rapidly, this policy may be adjusted to address issues that may arise in the management and implementation of the page or for any other reason that supports the College's priorities for the page.

Social Media Accounts Officially Recognized by the College

For a group's social media account to be recognized by the College as an official social media account, the group administrators must seek approval from the Edison Social Media Committee (ESMC), which consists of three administrators and one faculty member experienced with such media.

The ESMC will review all social media inquiries. This office should also be used as a resource for the college community for any social media needs. The ESMC will make the final decision in any situation regarding the use of social media. The ESMC will ensure the pages are set up properly according to official social media site policy.

Facebook Use

If an ESCC organization, department, group, program, or sports team creates a Facebook page, it will be listed on the official ESCC's Facebook page under "favorite pages." Inclusion in "favorite pages" creates a link from the Edison State Community College page to the organization's page.

Account Administrators

- All social media accounts officially recognized by Edison State Community College must have an ESCC faculty or staff member as an administrator at all times.
- Should an ESCC employee who is an administrator of an account leave the College for any reason or no longer wish to be an account administrator; it is that individual's responsibility to designate another ESCC employee to be an account administrator prior to removing himself or herself from that role. If this is not completed by the administrator then the ESMC will appoint one. The ESMC must be notified when a new administrator takes over.

ESCC employees identified as administrators of accounts are held responsible for managing and monitoring content of their officially recognized accounts. Administrators are responsible to remove content that may violate the College's Conduct Policies.

Requirements for Content of Officially Recognized ESCC Accounts

- Use good judgment about content and respect privacy laws. Do not include confidential information about the College, its staff, or its students.
- You may post any content that is not threatening, obscene, a violation of intellectual property rights or privacy laws, or otherwise injurious or illegal.
- Representation of your personal opinions as being endorsed by the College or any of its organizations is strictly prohibited. You may not use the ESCC name to promote any opinion, product, cause, or political candidate.
- By posting content to any social media site, you agree that you own or otherwise control all of the rights to that content, that your use of the content is protected fair use, that you will not knowingly provide misleading or false information, and that you hold the College harmless for any claims resulting from the content.

- ESCC has the right to remove any content for any reason, including but not limited to, content that it deems threatening, obscene, a violation of intellectual property rights or privacy laws, or illegal.
- When using or posting online material that includes direct or paraphrased quotes, thoughts, ideas, photos, or videos, always include citations. Provide a link to the original material if applicable.

Questions about this policy should be directed to the Student Affairs office in room 160.

Edison Community College provides an educational system which is capable of offering students an education of the highest quality. The college also provides an atmosphere which is conducive to study and educational growth and which enables students to develop in a positive manner.

In order to assure this type of environment, the Board of Trustees has adopted standards of conduct for the students, faculty, staff, and visitors to the campus. Jurisdiction of Edison's Student Code of Conduct

1. The Student Code of Conduct at Edison will apply to conduct that occurs on Edison premises or Edison property, at any location at Edison sponsored activities, and in off-campus buildings occupied by students by virtue of their association with a group/organization given formal registration by Edison. The Student Code of Conduct may also apply off-campus, when the administration determines that the off-campus conduct affects a substantial Edison interest. A substantial Edison interest is defined to include:

- a. An allegation, arrest, charge or conviction of a criminal offense as defined by Ohio law, including repeat violations of any local, state or federal law (also see Admission and Readmission of Felons; Felony Conviction – Currently Enrolled students).
- b. Any situation where the student presents a danger or threat to the health or safety of him/herself or others.

4. Student organizations may be charged with violations of the Student Code of Conduct for behavior occurring on or off campus. A student organization and its officers may be held collectively or individually responsible when violations of the Student Code of Conduct by those associated with the group or organization have received the tacit or overt consent or encouragement of the leaders, officers, or spokespersons. While student organizations not registered by Edison are exempt from this Student Code of Conduct, student members of such organizations may be held accountable for their behavior under this Student Code of Conduct. When considering allegations involving collective responsibility, Edison may make individual findings with respect to the involvement of each student.

Edison does not seek out this information, but may take action if and when such information is brought to the attention of Edison officials. (Also see Social Media Policy and Computer Usage Policy).

2. The nature, scope, severity, frequency, duration, and location of the incident or incidents;
3. The identity, number, and relationships of persons involved;

Procedures for Non-Academic Misconduct

Any member of the college community may file a report about a student when a student's conduct appears to violate college policies and regulations. In addition to the following procedure, other legal action as permitted or required in provisions of the Ohio Revised Code may be taken.

1. If a person wishes to report a student's violation of the Student Code of Conduct, he/she shall provide a written report to the Vice President of Student Affairs located at Student Development Office. Any reports should be submitted as soon as possible after the event takes place, preferably within thirty (30) calendar days.

2. The Vice President of Student Affairs or designee, may conduct an investigation to determine if the charges have merit and/or if they can be disposed of administratively by mutual consent of the parties involved on a basis acceptable to the Vice President of Student Affairs. Such disposition shall be final and there shall be no subsequent proceedings.

3. A student will receive written notice of a violation of the Conduct Code. The student is then required to schedule a conference with the Vice President of Student Affairs within one (1) week of notification.

4. At the meeting, the student:

a. May admit responsibility for the violation and waive his/her right to a hearing by providing such waiver to the Vice President of Student Affairs and Enrollment Management in writing. In this instance, the Vice President of Student Affairs will proceed with a disciplinary conference with the accused student. Upon conclusion of the conference the Vice President of Student Affairs shall have five (5) working days to provide the accused student with a written decision regarding whether the evidence supports a find of violation of the College Student Code of Conduct and the imposition of sanctions based on this determination.

b. May deny responsibility for the violation and choose to exercise their right to a student conduct hearing with the Hearing Committee.

Procedures for Student Conduct Hearings

All members of the appointed Hearing Committee are appointed by the President. The Hearing Committee shall consist of three voting members: One (1) administrator, one (1) other college employee from administration, professional staff, or faculty, and one (1) student. One additional administrator will be appointed Hearing Committee Chair.

All hearings shall be closed to the public to protect the student's rights of confidentiality. The student however, may make a request for an open hearing to the Chair and may be granted if warranted by the circumstances as determined within the sole discretion of the Chair. Only individuals involved in the case will be allowed in the hearing or witness rooms. All others must wait outside until the Hearing Committee or chairperson makes the determination whether or not the hearing will be open. If the hearing is allowed to be open, the Chair of the Disciplinary Committee will permit observers to fill the seating. Once seating is filled, all other observers must remain outside. Information presented at the hearing is limited to only that information which is pertinent to the incident eliciting the formal charge.

The Hearing Committee shall evaluate the points of view presented by the parties in conflict and shall determine which is more credible. The standard for reaching a determination in the case shall be a preponderance of the evidence which means more probable than not.

The information presented at the hearing shall be considered during a closed session by the Committee members. A copy of the findings by the Hearing Committee including the procedures for appeal, shall be given to the student within five (5) business days from the conclusion of the hearing.

Failure to Appear

Failure to appear for a scheduled conduct conference or an appearance with the Hearing Committee will result in the case being adjudicated and a sanction imposed. The student's absence will not be a factor in the determination of the sanction. The student will be notified of the decision in writing.

Appealing Hearing Committee Decisions for Non-Academic Misconduct

Appeals must be submitted in writing, within seven (7) days after notification of findings are received, to the Vice President for Education, who will appoint the Appeals Committee. The Appeals Committee will

consist of five (5) members: two (2) administrators, one (1) full-time faculty member, one (1) professional staff member, and (1) student. An Appeals Committee Chairperson will also be designated by the Vice President for Education.

Requests for appeals are limited to the following reasons:

1. Discovery of new evidence.
2. The decision was reached through a procedure not in accordance with the conduct hearing guidelines.
3. The sanction is disproportionate to the offense.

If the Vice President for Education determines that none of the above criteria apply, then the original decision of the Hearing Committee will be upheld. If suspension is warranted, no fees will be refunded.

Disciplinary Sanctions

Behavior that interferes with educational objectives and programs of the College is unacceptable. Such behavior will result in disciplinary action. Disciplinary action may result in one or more of the following sanctions being imposed upon any student found to have violated the Student Code of Conduct:

1. Warning - A written notice to the student from the Vice President of Student Affairs that the student is violating or has violated institutional regulations. This notice shall outline the regulation(s) violated, the future expectations of the student, and potential consequences for further violation.
2. Probation - A written reprimand to the student from the Vice President of Student Affairs for violation of specified violations of the Student Code of Conduct. The probation shall include the specific violations, corrective actions to be taken by the student, a specified time period for correction of the violations, the specified duration of the probation, and potential consequences for further violations.
3. Restitution - Compensation for loss, damage, or injury. This may take the form of appropriate service and/or monetary or material replacement.
4. Dismissal from Class - The student is not permitted to attend a certain class or classes. The College may withdraw the student from the course(s) with no refund of tuition or fees dependent upon the situation and timing of registration/withdrawal periods.
5. Limited Access to Facilities - the student shall have specified limited access to campus facilities and activities to include classes.
6. Suspension - Separation of the student from the College for a specified period of time after which a student may be readmitted. To be considered for readmission, the student shall provide a written letter to the Registrar requesting readmission and providing rationale for the request.

In certain circumstances, to ensure the safety and well-being of College community and/or College property, to ensure the student's own physical or emotional well-being, or if the student poses a threat of disruption of or interference with the normal operations of the College, the Associate Vice President for Student Development and Enrollment Management, or designee, may impose interim suspension prior to the hearing.

During the interim suspension, which is immediately effective, the student shall be denied access to all campus facilities and activities to include classes. The student may report to designated College

premises only upon notice to appear for the hearing or business related to the hearing on a specified date(s) and time(s).

7. Expulsion - Permanent separation of the student from the College.
8. Disciplinary HOLD - While a HOLD on a student's admission, registration, transcript access or financial aid is not an independent penalty, it may be utilized by the college as a means to either direct a student's attention to subsequent participation in a pending disciplinary proceeding or obtain the student's compliance with a sanction which has been imposed or other action which has been taken under the Student Code of Conduct.
9. Other sanctions may include, but are not limited to loss of privileges, fines, and/or mandated mental health assessment or counseling by a licensed professional.

Other than suspension or expulsion, disciplinary sanctions shall not be made part of the student's permanent academic record, but shall become part of the student's confidential record.
